

## Instructions for authors of accepted papers WAMICON 2010

### **Final full paper submission guidelines for papers accepted both for oral and poster presentation**

- Papers should be no more than 5 pages in double column format.
- Full papers should be submitted through EDAS (<http://www.edas.info/>). Only papers with final camera ready submission will appear in the final agenda and in the conference proceedings.
- Please follow IEEE MTT-S style for submission. A Word template is provided.
- Only PDF submission is allowed. Papers without appropriate page formats might not be accepted to be published in the conference proceedings. At least one of the authors of the accepted papers **MUST** register (full registration is required) before the submission of the final paper is considered complete. Papers that are not presented at the conference **will not be archived in IEEEExplore**.
- Authors must complete and submit the IEEE Copyright Form to EDAS web-site before the final manuscript submission deadline

The Copyright Form can be found at:

<http://www.ieee.org/web/publications/rights/copyrightmain.html>

If you need a Visa to enter the US please apply for one as early as possible. Visa applications are now subject to a greater degree of scrutiny than in the past. For many applicants, a personal appearance interview is required as a standard part of visa processing. Additionally, applicants affected by these procedures are informed of the need for additional screening at the time they submit their applications and are being advised to expect delays.

### **Presentation Guidelines**

- Please indicate your audio-visual requirements to your session chair for your presentation. It is unlikely that transparencies will be accommodated and authors are therefore strongly suggested to use an electronic format (e.g. Power Point or PDF) for presentation.
- Please contact your session chair or Dr. Xun Gong ([xungong@mail.ucf.edu](mailto:xungong@mail.ucf.edu)), if you have any questions regarding the paper or the presentation.
